PHARMACOMITALIA

The First Technical Community of Experts in End-to-End Pharmaceutical Asset Management

More than **45 company members**

More than **150 pharmaceutical companies** are part of the PharmacomItalia Community

Pharmacom ITALIA

Associazione Certificata ISO9001

OUR VISION

Fostering strategic dialogue among logistics providers, pharmaceutical companies, and key stakeholders

OUR MISSION

Protecting the quality of pharmaceuticals across all actors in the Supply Chain through:

- Transversality and Intermodality
- Digitalization and Innovation
- Sustainability and Green Strategies

INTERNATIONAL VOCATION

Fostering dialogue with European and international stakeholders to share approaches and solutions.

OUR ORGANIZATION

BOARD OF DIRECTORS

It is the decision-making and executive body responsible for defining strategies and methodologies to implement activities and projects aligned with the Association's mission.

TECHNICAL COMMITTE

It is the heart and soul of the Association.
It brings together highly qualified professionals across the various domains of pharmaceutical logistics expertise.

PILLAR AIR OCEAN LAND

Working groups dedicated to exploring specific topics within the 3 main logistics areas, complemented by cross-functional themes relevant to the pharmaceutical supply chain.

EDUCATIONAL ACADEMY

A board of training professionals that designs educational and qualification programs and courses focused on topics related to pharmaceutical logistics.

SECRETARIAT GENERAL

It supports the Board of Directors and the Technical Committee, coordinates activities with member companies, and manages the Association's events.

Pharmacom ITALIA

PHARMACOMITALIA FOR THE ADVANCEMENT OF PHARMA LOGISTICS

- **Technical Insight Events:** INNPharma Conferences, Workshops & Working Tours, TEE Talk appointments – Technology, Environment and Education; project initiatives such as Cross-Functional Roundtables and Working Groups dedicated to topics and subjects connected to the three pillars (AI, intermodality, digitalization and innovation, sustainability).

- **Technical Consultancy and Internal Audits** supporting companies operating in the pharma-logistics sector, aimed at ensuring compliance with quality and drug-safety procedures and facilitating the implementation of best practices.

- **UNI Reference Practices** and **General Guidelines** for defining operational standards and shared regulations within the pharma-logistics sector.

- **Training Courses**, available both as catalog programs and on-demand, organized by the Advanced Training Academy to develop and strengthen the specialized skills of professionals operating in the pharma-logistics sector.

PHARMACOMITALIA, GLOBAL TECHNICAL NETWORKING

- Participation in Technical Working Groups and events organized by national and international Industry Associations, including **Anama**, **Fedespedi**, **UNI – Ente Italiano di Normazione**, **Confetra**, **LiPhe**, **Cool Chain Association**, **Cold Chain Unbroken**

- Participation in Technical Working Groups with the involvement of national stakeholders, including the **Osservatori Digital Innovation – School of Management**, the **Politecnico di Milano**, and **ENIA – Ente Nazionale sull'Intelligenza Artificiale**.

- Fostering dialogue among national and international hubs (ports, airports, inland terminals), including the **Milano AirCargo Community**, **ADR – Cargo City Fiumicino Aeroporto**, **Smartist Istanbul**, and **PSA Genova Prà Terminal**.

- Promotion and development of Pharma Corridors, including the sharing of the first Pharma Trade Lane Memorandum of Understanding between **Rome Fiumicino Airport** and **São Paulo Airport**.
